Hi Ashiq,
I am sorry I missed your call I was very busy. What's up?

Hello Uncle. Thank you for getting back to me.

I was wondering when I can expect the cash being transferred over ?

Your money will be here Wednesday and you can come pick up the cash on Thursday.

I thought money was transferred last Wednesday. Why so late? Not questioning you --- just trying ton understand the process. Because previously it was always within 2 - 3 days.

Previously you have always transferred less amounts 20k or less

This time you're transferring over 100k

The money that was picked on Wednesday from your contact is enroute to Dubai and will be couriered this way over the next couple of days and it will reach us on Wednesday.

Oh ok. I understand. But since you said your contact picked up the cash. — would you be able to send me 10k - 20k to my TD account ?

It's a real emergency. I could really use some cash. I would not ask if it wasn't an absolute emergency.

Sorry Ashiq you know the deal. I have to have the cash in my hand before I can give you anything.

Ok thank you. But I just wanna confirm. I will have it on Thursday for sure.

Thursday you can come to my house and pickup the cash

Ok uncle thank you. 🙏

All our money has to come through Dubai and does not get transferred this quickly.
